The Grapes
Our vineyards are grown using a philosophy of sustainability and minimal intervention and are fertilized with natural compost produced on the farm. Vineyards are meticulously managed to optimize quality. Grapes are selectively hand harvested to ensure only healthy, ripe bunches are used for production.

In The Cellar
Made from optimally ripe Pinotage grapes, the fresh, cool juice was kept in contact with the grapes just long enough to obtain the brilliant pink hue without the extraction of harsh tannins. The juice was then clarified and fermented cold in the same fashion as white wine.

Tasting Note
A beautiful, starbright wine with attractive pink colour. On the nose, an intense red berry aroma, reflecting rich and ripe raspberries and cherries. The palate is refreshing, with crisp acidity that is well balanced with the fruit which follows through beautifully. The red cherry fruit lingers seamlessly, leaving behind a wistful memory of raspberries.

Serving Suggestion
Goes well with smoked salmon or snoek pate. Grilled sole or prawns. Vegetarian or chicken lasagna.
